What are the Level Playing Field Weeks of Action?

LPF's Weeks of Action were established in 2005 to help highlight the positive initiatives undertaken by clubs, sporting venues, governing bodies, organisations and charities in partnership with disabled sports fans and disabled supporters' associations (DSAs).

The campaign, now an established date on the sports calendar, is a great opportunity for partners to organise and host matchday and non matchday events and activities to show their commitment to access and inclusion for disabled spectators.

What is the 2018 Weeks of Action theme?

The 2018 Weeks of Action theme is all about **celebrating the matchday experience for disabled fans**. This can be done from an organisations or charities perspectives, a group of disabled fans or one individual.

We want to help organisations and charities showcase their services and facilities for disabled fans, to demonstrate best practice and to tell us where attending a match has made a big difference to someone's life.

Join us for Weeks of Action 2018 to promote a message of access and inclusion and to celebrate [#OurMatchday](#).

How can your organisation or charity get involved?

- Host a matchday event or activity that recognises access and inclusion at your organisation or charity.
- Use your website, social media or newsletter to promote the good work being done at your organisation or charity.
- Organise a non-matchday event or activity at your organisation or charity to promote good access inclusion being carried out for disabled fans.
- Create a video that highlights the positive role your charity or organisation does for disabled supporters. This could be promoted on your website or social media.

We look forward to seeing your organisation or charities ideas to mark the 2018 Weeks of Action!
